

# Laurel

## (Bay Laurel or Myrtle)

Laurelwood is truly like no other wood on earth. A daring and exotic wood, it creates a very sophisticated and dynamic atmosphere in a room. Highly prized for its unique figure, Laurel marbles together a wide palette of colors. Laurel's smooth, even grain and its durability make it a stunning floor.

Quality is our first priority. Our lumber is carefully milled and kiln dried to produce a straight and stress-free floor board. Hand selected for grade, it is then moulded with a low offset tongue and groove for a deeper wear layer. Our mill's technicians maintain precise tolerances throughout the production process to assure a tight, long length, clean fitting floor that makes installation quick and easy.

### TECHNICAL SPECIFICATIONS

<b>Grades</b>	<b>CHARACTER</b> is our very popular appearance grade. This grade highlights the structurally sound natural features of the wood, including knots no larger than 2" in diameter, tight burls, and small fillable holes and checks which will not effect the strength or integrity of the flooring.  <b>RUSTIC</b> is our long length grade specifically for our Wide Plank floors. Allows structurally sound larger knots and checks for a more naturally Antique look.
<b>Color &amp; Grain</b>	Highly varied, cool steely gray's, slate blues and cocoa marbled with lighter creams. Smooth grain gets lost in color, highly figured around natural character features appears almost three dimensional in depth.
<b>Hardness</b>	Janka rating 1210 lbs (residential and commercial applications)
<b>Dimensions</b>	3/4" x 3", 4", 5", 6", 7" & 8" Character lengths: 1 to 8' (avg. 36 – 42" typ.) Rustic lengths: 1-10' (avg. 4-5')
<b>Kiln Drying</b>	Kiln dried to 6-8% moisture content (industry standard for hardwood flooring)
<b>Millwork</b>	Low offset, square edged tongue and groove pattern for extended wear surface End matched (tongue and groove on ends of boards)
<b>Packaging</b>	6 piece, easy to carry, like length bundles (orders pulled to exact quantity needed)
<b>Eco-Status</b>	Northwest Native (ask about FSC certified availability)
<b>Source Region</b>	Best color and quality come from trees native to SW Oregon and Northern California
<b>Lead Time</b>	In stock regularly, ships within 2-3 days from order (2-4 weeks if production necessary based on volume)
